

PERSONALISE

Java Full-stack Developer with experience in Core Java, MySQL, and Front-end technologies. Passionate about problem-solving, software development, and delivering scalable applications. Strong communication skills and ability to work in teams to build impactful solutions.

EDUCATION

Degree	Specialization	Institute	Year	CGPA
B.Tech	CSE	Audisankara Institute of Technology	2021-2025	7.8
12th Class	MPC	The Nandyal Junior College(RGM)	2018 -2020	8.0
10th Class	-	ZPHS	2017-2018	8.0

TECHNICAL SKILLS

- **Programming:** Java,Python,Advance Java.
- **DataBases:** SQL,my SQL
- **FrontEnd Development:** HTML,CSS,JAVASCRIPT.
- **Frame Works:** Hibernate,Spring Boot.
- **Tools and Technologies:** VS Code, Eclipse.
- **Soft Skills:** Communication, Leadership , Time Management.

PROJECT

- **FRAUDULENT TRANSACTION DETECTION USING MACHINE LEARNING:**
 - Predicting fraudulent transactions is a critical task in finance, e-commerce, and other domains.
 - It involves identifying transactions that deviate from normal behavior and may result from fraudulent activities, such as unauthorized payments, account takeovers, or identity theft.
 - Creating a machine learning model to predict fraudulent transactions for a financial company and use insights from the model to develop an actionable plan.In an era of growing digital transactions, the threat of financial fraud has become increasingly prevalent and sophisticated.
 - **SOFTWARE REQUIREMENTS:**
 - Operating system : Windows.
 - Coding Language : Python.
 - Libraries : Pandas, NumPy, Matplotlib,Seaborn,Scikit-learn, Imbalanced-learn.
 - **E-commerce website:**
 - I developed an E-commerce website using HTML and CSS, and JavaScript featuring product listings for fashion. The design focuses on a clean, user-friendly interface with a well-organized layout. This project enhanced my front-end development skills and UI design understanding.
 - Technologies: HTML,CSS,JAVASCRIPT

CERTIFICATIONS

- **Data Science With Python BootCamp.**
- **AI Solution Architect(NSDC).**

INTERNSHIP

- **This is a Certificate of Completion from TAP Academy, Successfully completed a comprehensive training program in Full Stack Web Development covering both frontend and backend technologies. Gained hands-on experience in building responsive web applications and working with relational databases.**

INTERESTS

- Watching Movies.
- Listening Music.
- Photography.
